

SLOW OR ECO-DESIGNED CULTURAL TOURISM

Cultural Routes of
the Council of
Europe in Hungary

International Online Conference
13–14 October 2021

As an official programme of the Hungarian Chairmanship of the Committee of Ministers of the Council of Europe, the Hungarian Open Air Museum is organizing a two-day online conference on slow tourism and the Cultural Routes of the Council of Europe crossing Hungary. The aim of the conference is to introduce the new possibilities and promote slow and eco-designed cultural tourism by presenting good practices. Hopefully, the new initiatives will also provide inspiration for the post-pandemic period for cultural routes and their communities.
